## **Jet Works Air Center Appointed JSSI Service Center**

October 10, 2011, DENTON, TX.....Jet Works Air Center announced at the NBAA Exhibition in Las Vegas, NV that their complex and facilities located at the Denton Municipal Airport (KDTO) has been appointed to function as a JSSI approved service center.

Under terms of the agreement all JSSI customers are free to utilize the Jet Works facilities for all scheduled and unscheduled services.

Jet Works is a full service MRO and is qualified to provide maintenance, interior refurbish and completion, avionics, and paint on Boeing, Airbus, Gulfstream, Challenger, Lear, Citation, Piaggio and Pilatus aircraft. Their 100,000 square feet of facilities are located about 35 road miles northwest of DFW Airport.
